KUALA LUMPUR (April 6): The FBM KLCI could extend its lacklustre run today in line with the weaker overnight close at Wall Street.

U.S. stocks turned negative and the dollar slipped on Wednesday after minutes from the Federal Reserve showed planned changes in its bond investment policy, reversing a rally spurred by a strong jobs report earlier in the day, according to Reuters.

Most Fed policy-makers think the central bank should take steps to begin trimming its \$4.5 trillion balance sheet later this year as long as U.S. economic data holds up, minutes on Tuesday showed, it said.

Based on corporate announcements and news flow yesterday, companies that may be in focus today could include the following: OSK Holdings Bhd, Serba Dinamik Holdings Bhd, LBS Bina Group Bhd, AEON Co (M) Bhd, WCT Holdings Bhd, Carimin Petroleum Bhd and Karyon Industries Bhd.
