### LISTING PLAN

# Serba Dinamik Holdings posts RM511.51m revenue in Q3

**KUALA LUMPUR:** Serba Dinamik Holdings Bhd (SDH), en route for listing on the Main Market of Bursa Malaysia tomorrow, registered a revenue of RM511.51 million in the third quarter of its financial year 2016, mainly driven by its unit Serba Dinamik Group Bhd.

Serba Dinamik Group and its subsidiaries registered a revenue of RM1.42 billion, mainly attributed to contribution from the group's oil and gas (O&G) and operations and maintenance (O&M) divisions.

It registered a pre-tax profit of RM161.51 million and a post-tax profit of RM152.45 million for the nine-month period of financial year 2016.

SDH group managing director and group chief executive director Datuk Mohd Karim Abdullah said despite the downturn in the O&G industry, it managed to strengthen its financial position, as the services offered were essential in extending the life cycle of the equipment and structures used in the industry.

"The machines require more maintenance as they age, hence our services are required to extend the life cycle of the assets.

"With the listing plan, we will gain stronger positioning within the industry as we strengthen our financial position."

The O&M division contributed RM468.83 million revenue in the third quarter, followed by the engineering, procurement, construction and commissioning division with RM40.28 million.
